When it comes to customer service, ***RODRIGUEZ*** offers a scope of support which makes our product package uniquely complete. ***RODRIGUEZ'S*** careful attention to all aspects of logistics including well engineered packaging, accurate export documentation, available worldwide door to door delivery service, and ISO Certified (AS9120B) quality control further enhance customer satisfaction.

***RODRIGUEZ* TODAY NEARLY A CENTURY OF BEARING EXPERIENCE**

RODRIGUEZ was founded, in 1929, starting in New York City as an Export Sales representative for United States bearing manufactures for use in automotive, agricultural, and heavy industrial equipment. In the ensuing decades, Industrial markets have undergone dramatic change and growth. Today, **RODRIGUEZ** not only supplies bearings for use in the basic industries - but also for many unique and specialized applications.

RODRIGUEZ earned a government "E" award for excellence. Now **RODRIGUEZ** serves much of the world with no less commitment. Our first overseas office was established in Europe in 1962. With a dedication to international cooperation and free trade, **RODRIGUEZ** has since expanded its sales and expertise to every continent.

With nearly a century of bearing experience, companies worldwide continue use **RODRIGUEZ** as a trusted supplier, today even more than ever.

RODRIGUEZ CUSTOMERS AND SUPPLIERS "THE ESSENTIAL TEAM"

Our most important assets are the trust and goodwill of our customers and suppliers, and the experience, know-how and dedication of our staff.

For all these reasons and more, **RODRIGUEZ** continues to expand in the world market for bearings and related products. Satisfying the vital needs of our customers through responsiveness, superior product knowledge and dependability.
